Remarks

A clean and crisp design makes this award-winning Mid-Century Modern property a dazzling retreat. Designed in 1954 by architect-builder John Ahern and elegantly restored by a nationally published team, this minimalist structure overlooks a park brimming with natural oak and pine trees draped in Spanish moss & complete with the fragrance of magnolia and jasmine. Located in Magnolia Park next to the bike trail this home offers the sophistication of California's most iconic modernist homes. Features include exposed beams, polished concrete floors, a striking wood-burning fireplace and a sleek European kitchen. Walls of glass and wide openings blur the line between indoors and out, connecting the living spaces to a private, shimmering saltwater pool and lush courtyard. Beyond the main residence lies an inviting architectural studio, offering a perfect creative escape. With off-street parking for four, this is a rare opportunity to own an iconic treasure just minutes from downtown Savannah.
